This award recognizes your outstanding career in research and leadership, primarily in Canada

Dr. Daphne Goring
University of Toronto

- Pioneering contributions to the field of pollen-pistil interactions where you pushed the boundaries of knowledge in our understanding of signaling responses during pollination

- Your significant leadership in Canadian plant biology through your roles as an executive in both CSPB-SCBV and Plant Canada, and as head of Department of Cell & Systems Biology

Thanks to the Society Gold Medal committee for adjudicating this award (George Haughn, Hugo Zheng, Norm Huner)
