PRESIDENT’S MESSAGE

Fellow SDES Members,

Welcome Chapter members to the start of our 2020-2021 monthly meeting cycle. This past year has been a wild ride and we are excited to get back to providing our members with opportunities to socialize, gain PDH’s, and learn more about what other engineers in the area have been working on. Our meetings will look a little different this year. We will be starting off by holding virtual PDH meetings and we hope to move towards in person meetings in the spring. I know this next year will be a little different than years past but myself and the BH Chapter board have been working on some fun ideas to keep everyone engaged.

We will be hosting a virtual Membership Meeting on Tuesday, November 10th. Heidi Wagner from the SDSM&T Construction Engineering and Management department will be making a presentation on her work being done at the school. Please look for the sign-up and call-in information coming soon via Eventbrite and I hope you can attend.

Planning is underway for the Spring SDES Conference which will be held April 14th-16th here in the Black Hills. The conference planning committee is busy working on providing a “hybrid” conference for attendees. With the great success that the Fall Conference had being online, we are moving forward with plans on both a virtual conference as well as in-person. Keep your eyes peeled for more information. If you are interested in being a part of the planning committee for the conference, please feel free to contact me.

Scholarship Update

The Black Hills Chapter will continue to support academics with one $2500 scholarship in Fall 2021. Proceeds from the last time the Black Hills Chapter hosted the SDES Annual Convention, member contributions, and distributions from the Black Hills Chapter’s Joy Page Scholarship Fund are used to support this scholarship. Contributions to the fund or the Black Hills Chapter are welcome. For more information about the Jody Page Memorial fund, or to make a contribution to the Chapter for scholarships, contact Kyle Hansen at khansen@fmgengineering.com.

Thanks to all who have provided support to this program over the years. The Chapter also has $1000 in reserve for other charitable donations that we make throughout the year.
